

VENTA®
BY BÜCHLIN DESIGN

2026

"We have invested all of our energy into making our furniture as functional as possible, but with such elegant designs that this is not immediately obvious."
Karl Büchin, General Manager Büchin Design, Berlin

Büchin Design develops, builds and sells individual furniture for the hotel industry and events catering business under the brand name „VENTA by Büchin Design“.

The high-quality buffet furniture includes exclusive cocktail tables and stylish buffet tables as well as matching modern stools. Most VENTA furnishings can be folded up or stacked together to save space, and can be assembled and disassembled in just a few easy steps, without the need for any tools.

All of our buffet furniture is mobile and can be used anywhere. It meets the high demands of the hotel, events and catering industry in every respect.

Our VENTA products have an exclusive design and are available worldwide.

Most of our VENTA products are manufactured in Germany, and we are pleased to appear with the “Made in Germany” seal at trade fairs both in Germany and abroad.

Buffet Tables on castors

STAGE_80 | STAGE_50

all tables nested and
adjusted at the lowest
height

Item No.: 81001

L: 1960 x 800 x 935 mm

M: 1800 x 800 x 855 mm

2 x XS: 800 x 800 x 775 mm

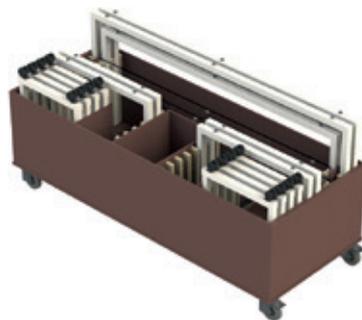

total weight: 119,8 kg

STAGE – the modular buffet system

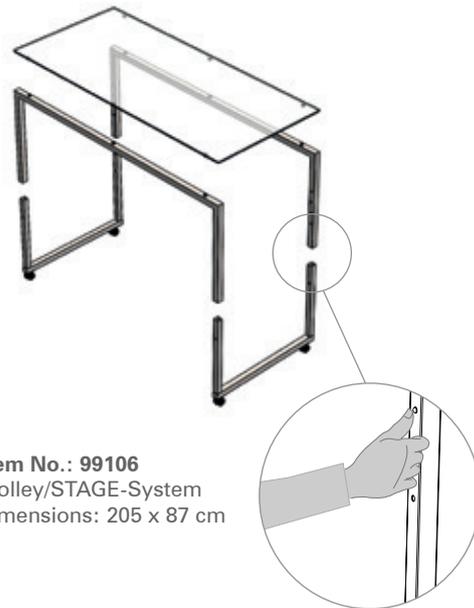

modern look & easy to move
simple, functional, good-looking.

The modular buffet table system STAGE_80 can be assembled and disassembled in just a few easy steps, without the need for any tools.

The trolley system allows you to storage all four tables in a mobile wooden box on wheels.

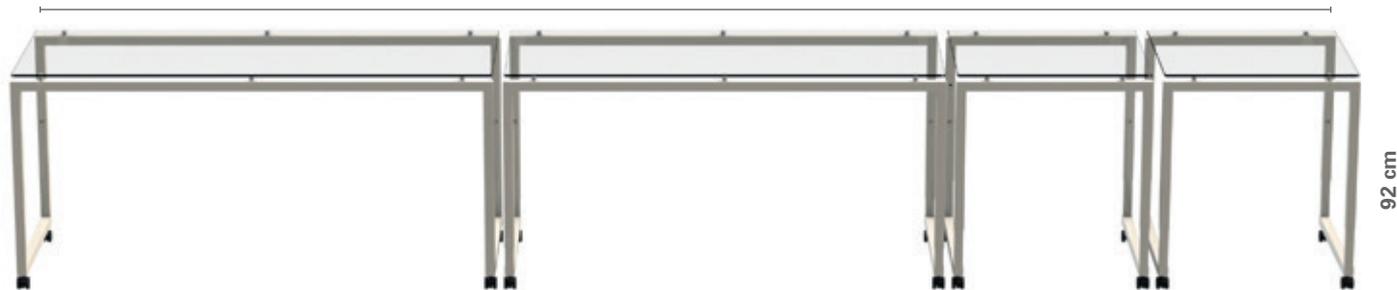

explosion view/
main parts

Item No.: 99106
Trolley/STAGE-System
dimensions: 205 x 87 cm

total buffet length: 536 cm

all tables in a row/adjusted at the same height

Features

SYSTEM SIZE – table system available in three standard lengths (L=196 cm, M=180 cm, 2 x XS=80 cm).

NESTING – the three standard sizes can be pushed together, so that only 1,96 m of the 5,36 m buffet table length is required as NESTING system.

COMBINE – system available in two table depths, 80 cm = classic buffet size/50 cm = table depth for smaller meeting rooms. Combinations of the two table depths result in interesting buffet variants or e.g. a MOBILE BAR.

ADAPTIVE – each table can be optimised for the respective area of use with additional equipment (e.g. shelves below the table surface for use as a plate shelf).

CHANGEABLE – a light, elegant buffet system consisting only a metal frame for the table legs and a transparent glass top. Or a buffet system with full equipment including appliances for heating and cooling, thermal bridges, shelves and blinds – STAGE can do both.

FUNCTIONAL – wheel diameter in three sizes suitable for the application: small = in the room or on the floor/medium = in the whole hotel, also suitable for lifts or smaller thresholds/large = inhouse and outdoor, also usable on the terrace.

ADJUSTABLE HEIGHT – four table heights can be adjusted at each table in a grid of 8 cm, thus enabling an interesting and varied furniture construction.

MOBILE – buffet table on wheels, which can be moved in any room and throughout the hotel, all wheels are lockable to fix the table in place.

STORAGE – if required, the system can be dismantled without tools and stowed in trolleys (wooden boxes on wheels), each part has a fixed place due to a grid system and cannot be damaged during transport.

COLOR – elegant lacquering of the table frames and the table tops (underside of the glass tops), so the matching color to the room concept is selectable.

DECOR – table tops available in „compact top“ material with various decorative surfaces (photo reproduction: wood, stone, metal).

BLINDS – various decor panels to choose from, variants from completely closed to translucent, can be quickly assembled and disassembled by magnet attachment, enables „invisible supply“.

Three castor sizes for STAGE buffet tables – generally recommended for indoor use.

Ø = 50 mm/suitable for using on all grounds, but at the same level.

Ø = 65 mm/standard size suitable for using an elevator (to cross the gap), for longer distance and high pile carpet.

Ø = 75 mm/suitable for using anywhere, especially for catering purposes.

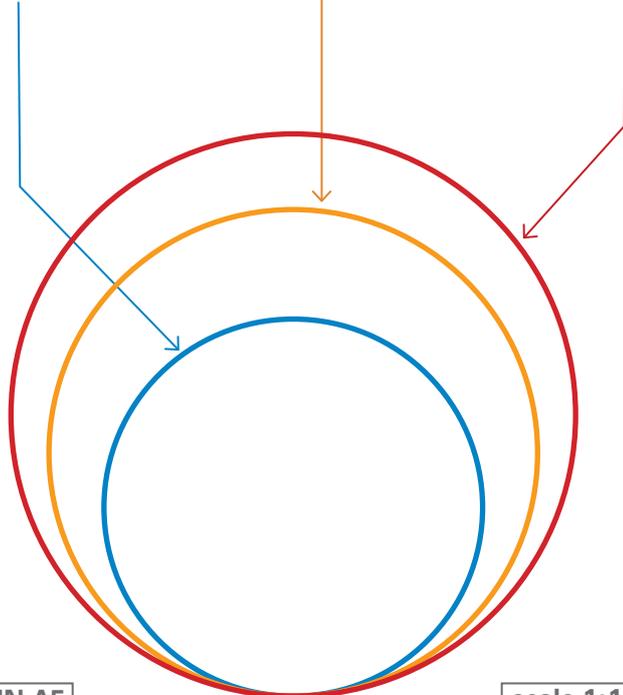

Castor sizes – influence the height of the tables | all sizes useable for buffet purpose

table height: 92,0 cm
Ø = 50 mm

table height: 93,5 cm
Ø = 65 mm

table height: 94,5 cm
Ø = 75 mm

standard size / Ø = 65 mm

Warm Buffet | Cold Buffet | Modular Cooking and Buffet System

INDUCTION_VARIO

flexible induction system | suitable for every STAGE table

Multi-Zone-Induction | manufacturer Gastros
A maximum of three pots can be used on an induction hob.

STAGE_80_M_INDUCTION_VARIO_4
Item No.: 81099

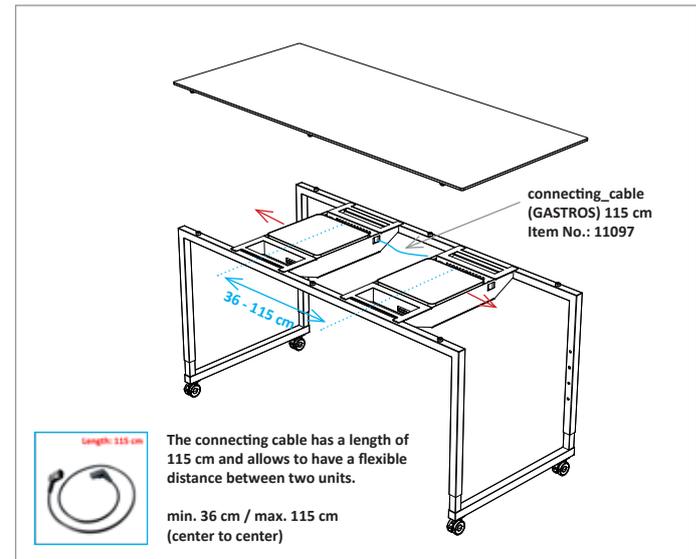

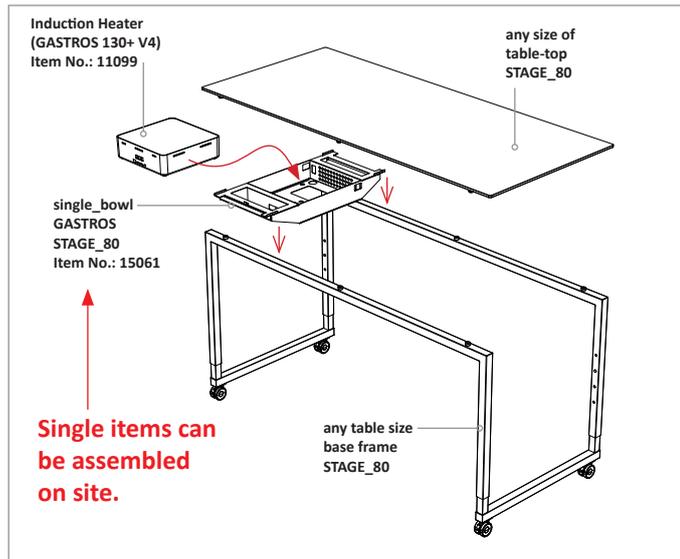

Multi-Zone-Induction Table

Free positioning of induction units

The new induction system VARIO for flexible and variable use of induction heat wherever you need it.

The system is available as single components or in a complete table.

A single metal housing with an induction unit inside can be placed under any STAGE_80 table (table-top). Depending on the length of the table, you can flexibly determine the position of the unit and the distance to the next unit.

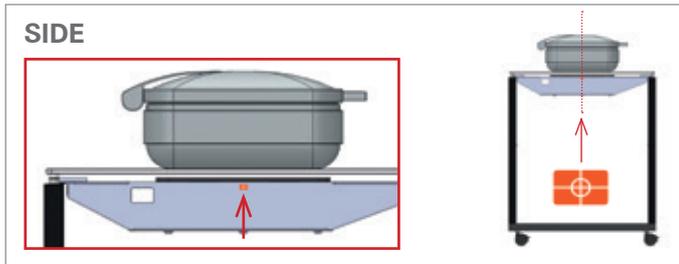

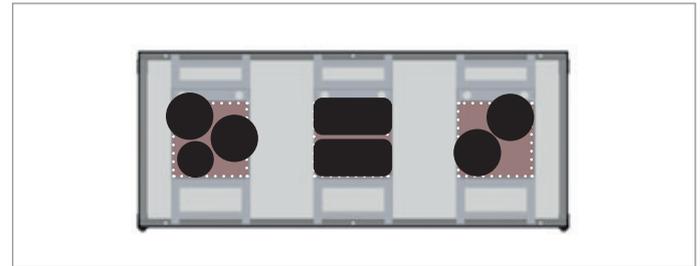

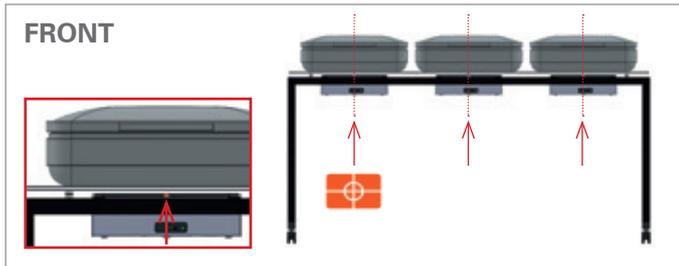

Multizone induction | field size 35 x 35 cm

There is no surface marking on the table top. You can determine the central position above the induction unit using the position markings on the metal housing.

The area around the central position is 350 x 350 mm and also allows you to place several pots above each induction (multi-zone unit).

To protect the table surface from overheating, please use the silicone mats.

INDUCTION_VARIO

flexible induction system | suitable for every STAGE table

Single-Point-Induction | manufacturer Adventys
Only one pot can be used at a time on an induction hob.

STAGE_80_M_INDUCTION_VARIO_3
Item No.: 81157

Single-Point-Induction Table

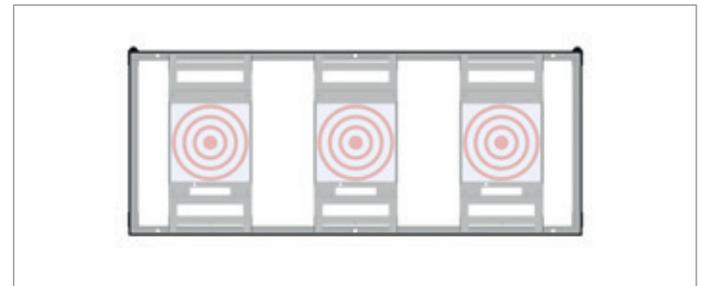

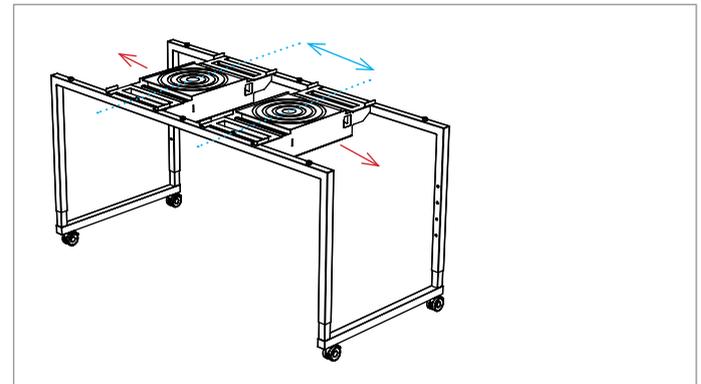

Free positioning of induction units

The new induction system VARIO for flexible and variable use of induction heat wherever you need it.

The system is available as single components or in a complete table.

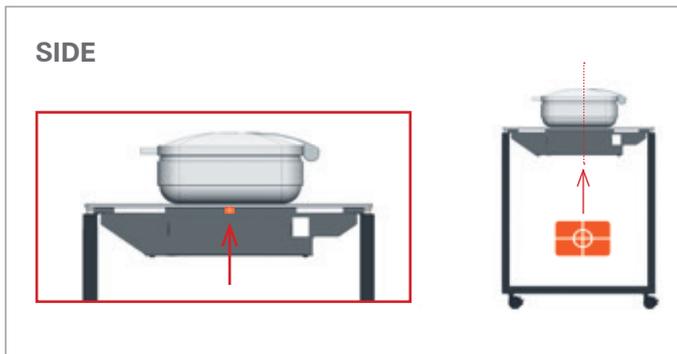

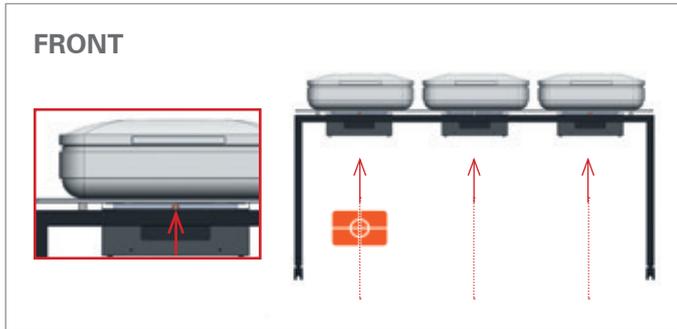

Depending on the length of the table, you can flexibly determine the position of the unit and the distance to the next unit.

Single-Point-Induction | field size 35 x 35 cm

There is no surface marking on the table top. You can determine the central position above the induction unit using the position markings on the metal housing.

To prevent the table surface from overheating, please use the silicone mats provided. You will receive a set of mats in different sizes for each induction device. The mats will also prevent pots from being moved away from the induction area when food is being removed.

BAIN-MARIE

The buffet table **STAGE_80_XS_BAIN-MARIE_COOL+HOT** is a stainless steel basin of size 2/1 GN which contains a COOL+HOT unit.

This technology was developed by Höller, one of a small number of companies worldwide who offer this technology in small and convenient units. This cold-hot plate enables you to keep dishes cool at temperatures as low as -5°C or to switch on the heating function. A hot plate keeps dishes warm. This has the added benefit that you do not have to use induction-compatible cookware, but can also use porcelain cookware, for example.

The buffet table has an area of 80 x 80 cm, while the integrated hob measures GN 2/1 (i.e. 66 x 53 cm). Power is supplied via a standard power cable (230 V). Heavy current is not required.

The equipment runs very quietly and energy-efficiently.

Item No.: 81063 (different types of use)

Item No.: 81007

COOL table

Our exclusive STAGE_80_XS_COOL table with integrated cold plates works without the need for any power cables.

You place this table anywhere in the room – no need for power sockets.

Before use, the cold plates must be stored in the freezer room of the hotel or event location for around twelve hours at -18°C. Then the COOL table can be used for approximately five hours.

The temperature of the table surface is approx. 5°C. The table is designed for indoor use with an ambient temperature of approx. 21°C.

Use at higher temperatures is not recommended, as the result will not be satisfactory.

Do not install a sneezeguard on this table, as the table-top should be free to exchange the COOL_PLATES.

STAGE_80_XS_ICE_WELL

The ICE WELL with a depth of 20 cm is designed for cooling bottles. The entire well is filled with ice cubes. The well is equipped with a drainage tap and thus offers the possibility to drain the entire contents (melted ice = water) after use. A bucket can be placed under the table when the shut-off valve gets opened. In addition, a 1/1 GN grid basket can be used in the ice well. In this way the not yet melted ice can be easily removed. The ice well is available in two sizes (80 x 80 cm and 50 x 80 cm) for a buffet depth of 80 cm. The tub can be closed with the supplied insert plates (two pieces each) so that the table-top can be used as a shelf.

Useful Equipment

The perforated 1/1 GN container helps to remove the ice cubes out of the ICE WELL.

ELEMENTS

modular cooking and buffet system | AIRMOBIL – mobile exhaust

only available for 230V

Modular Cooking System

The latest addition to our buffet tables now concerns live cooking/front cooking, the experience of cooking and serving in front of the guests, so that every event becomes a highlight. The top priority in the development was that VENTA customers can use their already purchased tables for the live cooking stations. Furthermore, the flexibility and mobility of the familiar systems was to be increased. True to the motto “everybody can be bigger” we chose the smallest of the four buffet tables from our Stage Buffet System as the output of the latest development. The smallest square buffet table STAGE 80 XS with the dimensions 80 x 80 cm, which is available twice in a STAGE 80 buffet set, was thus the basis for the new VENTA Elements, our modular system for modern and contemporary live cooking / front cooking, which meets all the requirements of the most varied F & B concepts in countries all over the world.

Instead of the glass or compact table-top, a square ELEMENTS table frame made of stainless steel is now placed on the existing table frame. The square dimension has the advantage that the table frame can be used both lengthwise and crosswise, so that all available thermal equipment and inserts can be inserted into the Elements table frame not only lengthwise but also crosswise and can be used in different ways in daily use. In order to be able to use our Elements live cooking system/front cooking system indoors, a mobile extraction unit had to be developed and designed especially for table size XS, which fully meets today’s requirements for odourless cooking in closed rooms. With its external dimensions of 80 x 30 cm, our Airmobil can be placed precisely (tailor-made) to the right, left or in front of a STAGE 80 XS ELEMENTS live cooking table and can thus be adapted to the daily changing requirements in the areas of construction and concept of a flexible and modular live cooking station.

Rieber - undercarriage
(item-no.: 88140106)

ELEMENTS

Important advices to select the correct equipment.

We recommend to mount always BLINDS on every ELEMENTS station (S and XS) to hide the installed equipment, the cables and any additional cooking utensils.

The CARVING STATION can only be equipped at the FRONT with compact laminate blinds. The decorative metal blinds will not fit at the front, as the mounted shield and the heat lamp do not allow the correct mounting.

The same situation is valid for an additional, separate mounting of a STAY HOT heat lamp at the front of a S or XS table.

ELEMENTS

Power Management

We recommend to discuss with us the electrical situation in your property and to create a plan for power cable management.

This will help you to select all necessary cables and power strips according to your local situation.

VENTA recommendation = 2 x plugbar 400V + 1 x plugbar 230V / alternative solution = 1 x plugbar 230V + 7 x extension cable 5m (use on individually fused 16A sockets)

HEAT_LAMP_STAYHOT

Keep your buffet warm with heat from the top

The Stayhot heat lamp can be installed on every VENTA STAGE table (front-or backside) with a special clamp which is only available at VENTA. The regular Stayhot clamp does not fit onto the VENTA table!

Height: 635 mm
Shade: H 218 / d = 180 mm
Table Clamp: 95 x 60 x 78 mm
Voltage/Power: 230 V / 250 W
Heat Source: Philips infrared lamp 2700K

HEAT_LAMP_STAYHOT | color range

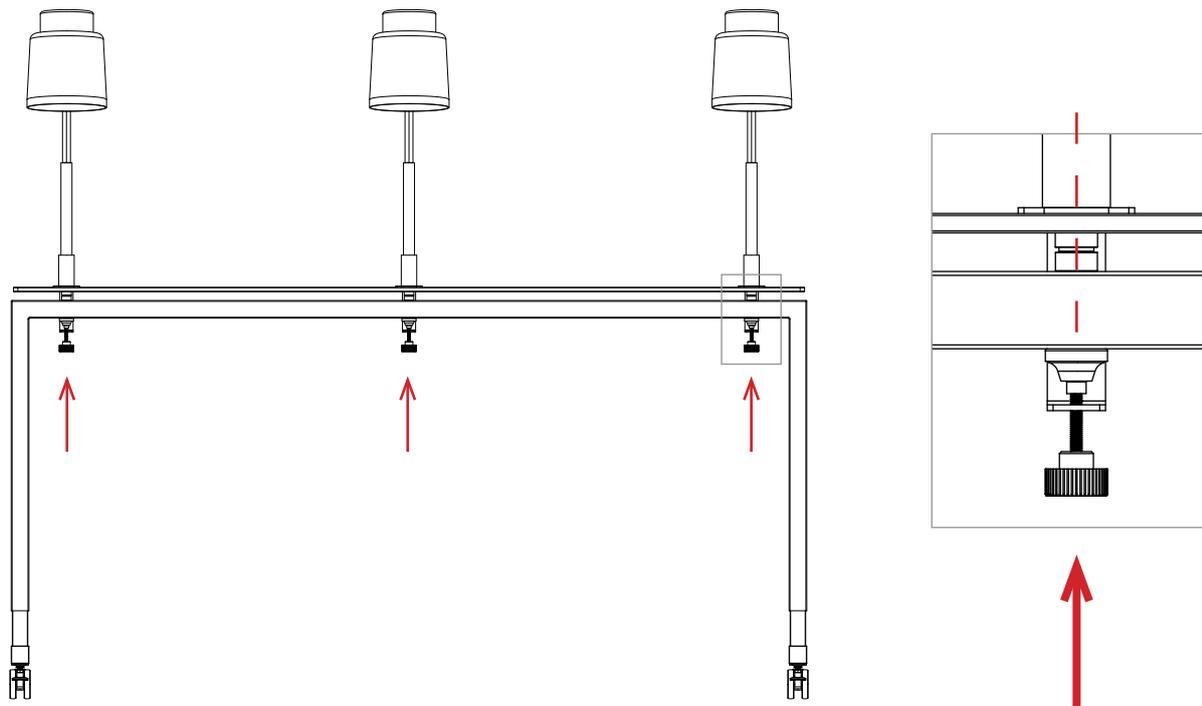

only available for 230V

HEAT_LAMP_STAYHOT | placing + mounting on STAGE tables

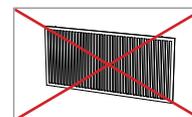

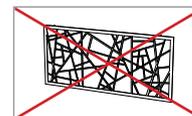

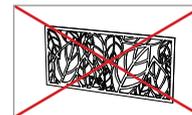

If you want to mount the STAYHOT lamps on a table with a compact laminate or glass top, you need to position the lamps over the metal connectors to achieve a perfect fixation.

Front mounting (guest side) of a STAYHOT lamp is also possible (placed at the connector position).
Please notice: The BLIND is only implementable in material COMPACT LAMINATE, no metal blinds!

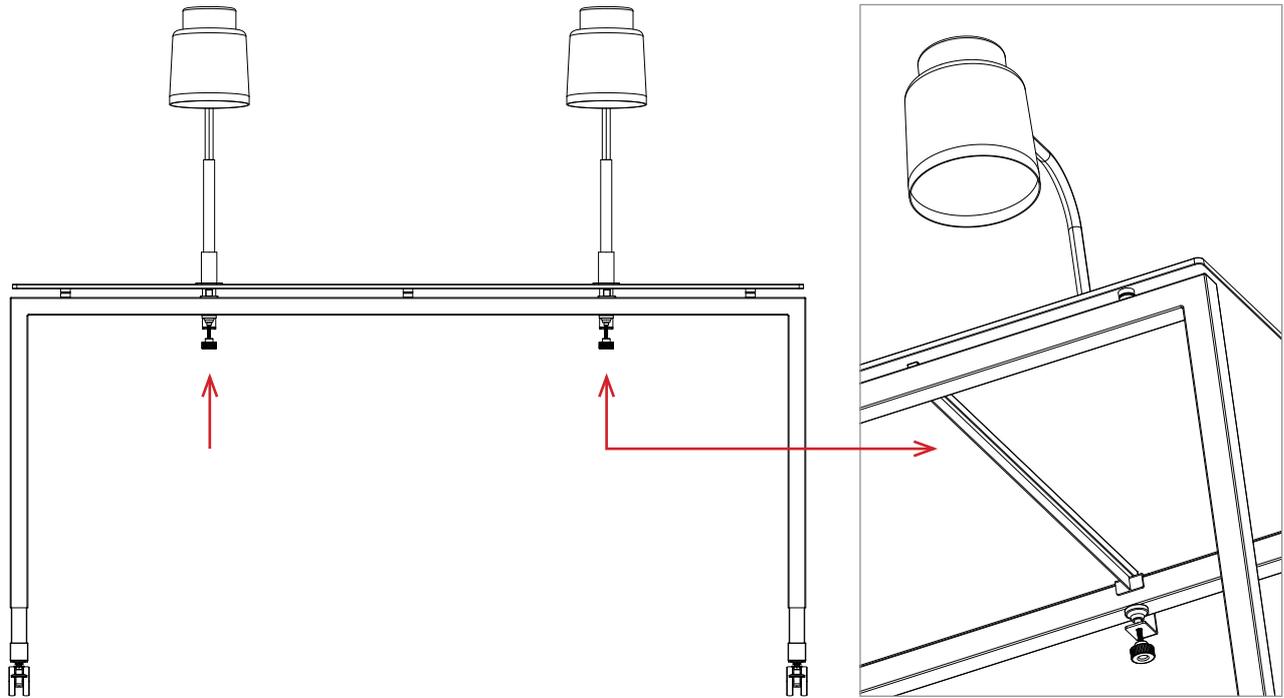

No metal blinds!

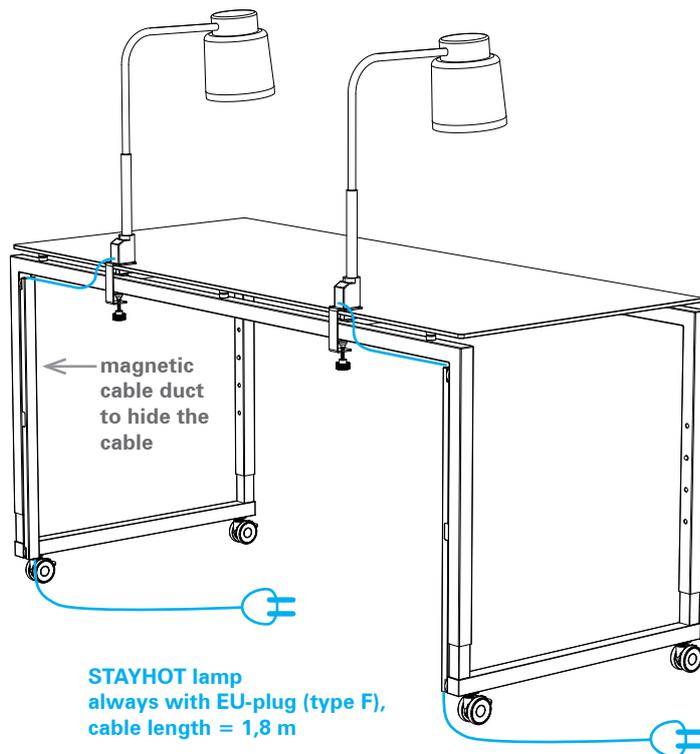

>>> various decors available

Alternative positioning of STAYHOT lamps: Please use additional strut to stabilize the table-top.

table, view from below

Depending on the number of STAYHOT lamps installed, please select the suitable extension cables, plugbars and cable ducts.

magnetic cable duct (details on page 224)
available in length: 400 mm, 610 mm, 770 mm

extension cable (details on page 227)
available with plug (type F, G, J, I, M)
cable length = 5 m

magnetic plugbar (details on page 227)
available with plug (type F, G, J, I, M)
cable length = 5 m

Sneeze Guard

one or double side

SNEEZEGUARD

Sneeze-guard suitable for all STAGE tables

The new sneeze-guard is available as one side or double side version. Protect your buffet and offers a second level for decoration items.

Double Side:

L: 1960 x 654 x 385 mm (66059)
M: 1800 x 654 x 385 mm (66061)

Frontshield

transparent acrylic shields to protect your buffet

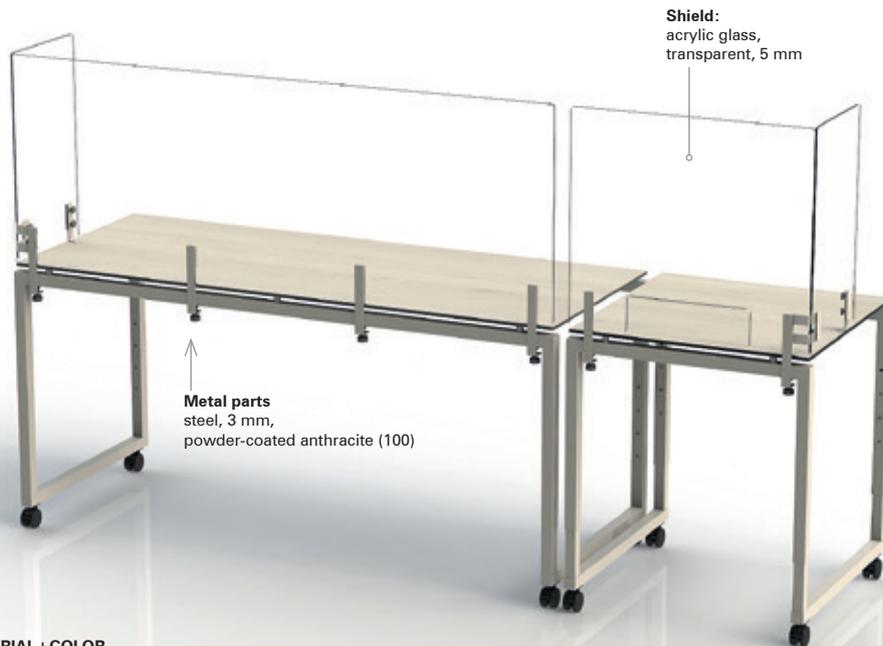

Frontshield and heat lamp (mounted at the front side) only work with BLINDS in material compact laminate.

FRONTSHIELD

protect your VENTA buffet with transparent acrylic shields

The new sneezeguard is available as one side or double side version. Protect your buffet and offers a second level for decoration items.

MATERIAL+COLOR

basic
metal parts: 100, 101
shield: 500

option
all available colors in chapter
MATERIAL+COLOR

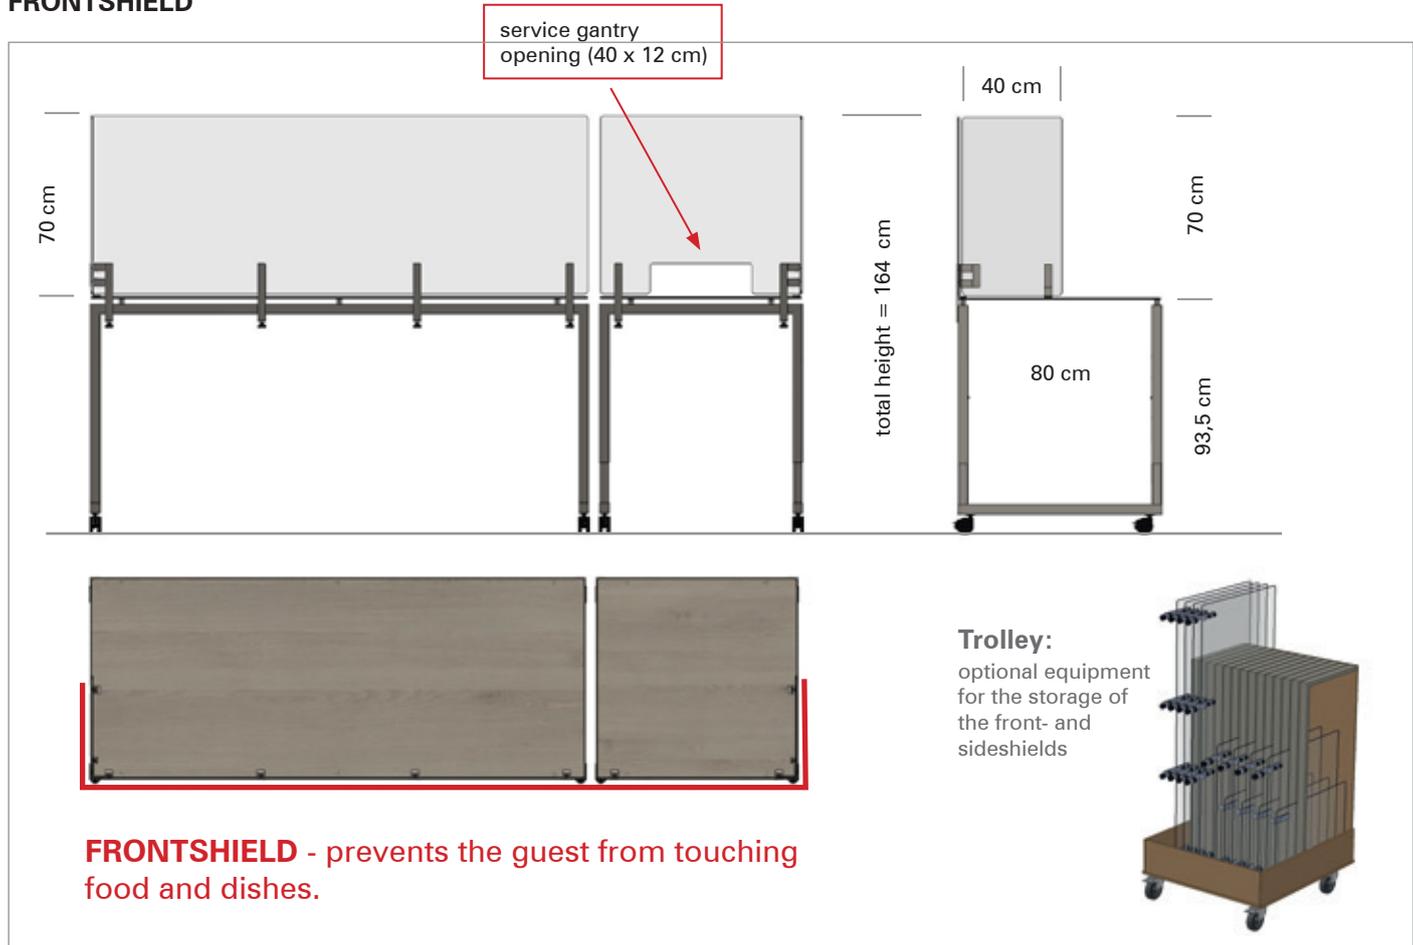

application:

Mount the transparent acrylic glass to your VENTA table and be protected from the corona virus by preventing the guests from touching food and dishes.

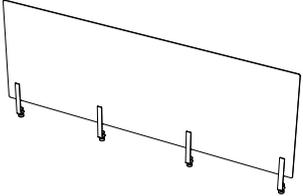

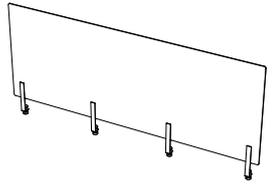

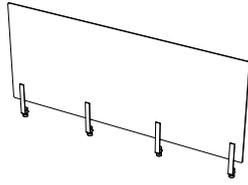

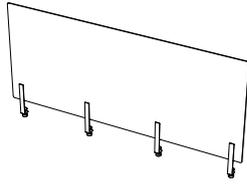

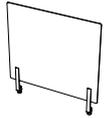

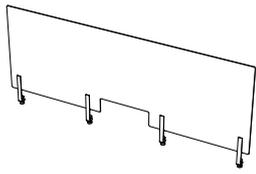

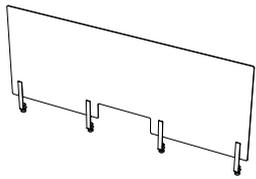

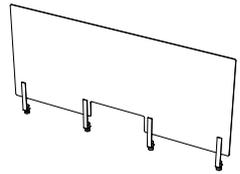

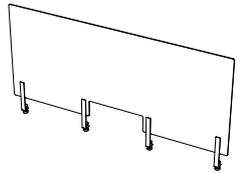

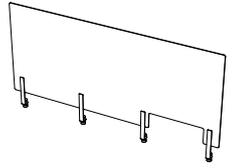

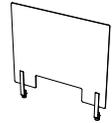

A service employee behind the table arranges the guest's selection on a plate and serves the plate through the service gantry. Every FRONTSHIELD can be mounted with special clamps on the table base frame.

The SIDESHIELD will be mounted on an already installed FRONTSHIELD. The material of the clamps is stainless steel with powder coating according to the color of the base frame. The shield itself is made in transparent acrylic glass.

STAGE_80_S_ELEMENTS_BAR

The Mobile Bar – a design experience, with an exclusive, modern design, flexibility and versatility.

The STAGE system can also be used as a mobile bar. For this purpose, the STAGE_80_S table is equipped with one or two table frames from the ELEMENTS series.

One or two ice wells can be inserted into these ELEMENTS table frames. These ice wells are in turn covered with insert plates or lids. A standard table top in the size STAGE_80_XS can also be used instead of the ELEMENTS table frame. The table is then covered with a front panel and two side panels.

The top box is placed on the table surface as a privacy screen and for placing glasses. Alternatively, a STAGE_50_M table can be placed in front of it.

81088 / side with two compartments

RACK

The RACK in the dimension 50 x 80 cm is a perfect addition to the existing STAGE system. All plates, bowls, glasses and cutlery required at the buffet can be perfectly accommodated here.

The RACK has fixed shelves which are separated from each other by a central wall.

On one side there is only one shelf in the middle, while on the other side are two fixed shelves. Depending on the required height of use, the customer selects the suitable side. The open sides can be closed by VENTA Standard SIDEBLINDS so that the contents disappear behind them. The shelf walls are equipped with magnets so that the SIDEBLINDS can be attached to them.

The shelving system is available for a buffet depth of 80 cm in widths of 50 and 80 cm.

Features

All VENTA furniture has special features that make our exclusive products distinctive and unique. Each individual product was designed as a foldable, stackable or modular system, so our high-quality furniture can always be securely stored, taking up very little space.

A matching trolley system is available for all VENTA furniture items, where the table parts can be stacked individually and secured in place against one another.

All VENTA furniture is put together without the use of any tools and there are no parts that can get lost. The connecting elements between the table frame and table-top are always made of stainless steel and are produced using high-precision lathes. The consistent quality of our products is ensured through regular physical controls.

VENTA products are designed as foldable, stackable or modular systems, enabling our furniture to be stored securely and using very little space. We also offer additional equipment for many VENTA products to make them even more simple and convenient to manage. All foldable tables can be equipped with rollerskates, for example. This enables the buffet tables to be moved around the room quickly and easily without having to carry them or take them apart and put them together again.

Features of VENTA products

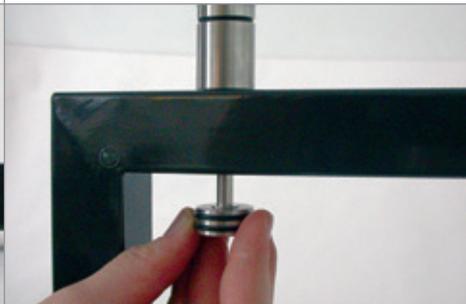

feet-adjustment

The cocktail tables have three feet which are fixed. The fourth foot is adjustable. You can use your own foot to adjust easily the stability.

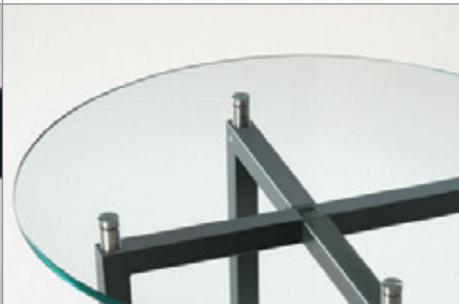

glass-top mounting

The cocktail tables and most of the buffet tables have a special feature to fix the glass-top to the base. The screw is mounted undetachable on the base.

glass-top quality

All glass-tops are produced as safety glass. In case of damage, they will break into small pieces to avoid any injury.

trolleys for storage

For almost all VENTA products we offer trolleys to store the goods. You can store ten cocktail tables in a trolley in less than 0,6m².

foldable furniture

Nearly all VENTA products are foldable.

stackable furniture

The stools can be stacked up to ten pieces.

Material + Color

BASIC and OPTION

Büchin Design offers a wide range of materials and colors in two categories **BASIC** and **OPTION**.

The category **LUXURY** is only available for gold and silver colored glass tops.

All VENTA items have a unique five-digit item number.

example: 23001 for the table model SET_70

To define the material + color of the model, just add the three-digit material code.

example: 23001 + 100 (base frame = anthracite) + 300 (table-top = glass, transparent) + 300 (lower-tray = glass, transparent).

Metal | color options

BASIC | 2 colors

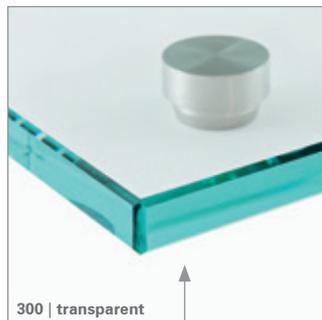

OPTION | 13 colors

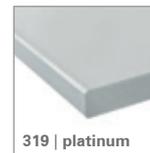

Additional Colors | select your color from IGP-range
(number 58 / color code: IGP DURA face/pearl mica effect)

Glass | color options

BASIC | only transparent glass (floatglass)

OPTION | 7 colors

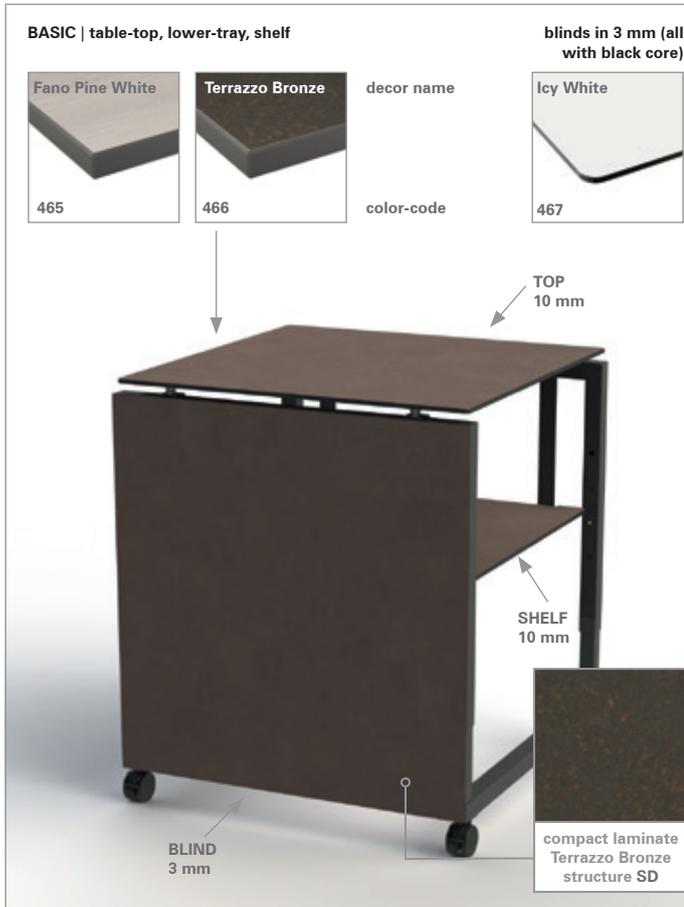

OPTION | choose any RAL color you like

LUXURY | two special metal colors

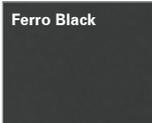

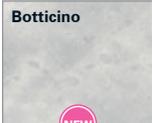

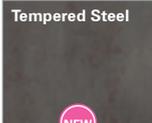

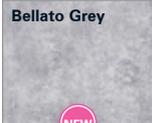

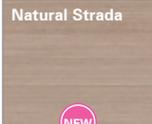

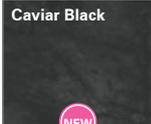

Compact panel | decor (BASIC)

Chipboard | decor (BASIC)

Compact panel & Chipboard | decor (OPTION)

Carrara Marble  425 217	Grey Sonoma Oak  459 221	Ferro Black  462 218	Icy White  467 NEW 200	Botticino  468 NEW 203	India White  469 NEW 204	Caviar Silver  470 NEW 205	Espresso  471 NEW 206
Cava Beige  472 NEW 207	Loftec  473 NEW 208	Tempered Steel  474 NEW 209	Phoenix Brown  475 NEW 210	Bellato Grey  476 NEW 211	Kito Bronze  477 NEW 212	Alux Champagne  478 NEW 214	Standard Walnut  479 NEW 215
Okapi Walnut  480 NEW 273	Portland Ash Black  481 NEW 274	Natural Strada  482 NEW 275	Anthracite Strada  483 NEW 276	Spain Olive Light  484 NEW 282	Caviar Black  485 NEW 283		

400-VENTA code for material compact panel (3 mm and 10 mm)

200-VENTA code for material chipboard (19 mm and 38 mm)

Larger pictures of the decors can be seen in our lookbook **MATERIAL + COLOR**.

Plywood with HPL | color options

BASIC | 2 decor options

color-code

backside: grey

material name:
MOON, color print

backside: grey

The back of the metal cover is covered with polyester fabric.
example: MOON, color print: brown / VENTA-Code: 624

metal part in IGP-color
example: champagne, VENTA-Code: 101

Partner & Reseller

VENTA tables all around the world

VENTA products can be found all around the world in the showrooms of our partners.

We cooperate with other manufacturers of high quality hotel equipment like **Frilich** for the breakfast stations and **Zieher** for exclusive tableware.

WMF has in total three showrooms equipped with VENTA buffet tables.
Berlin, Birkenfeld, Hamburg

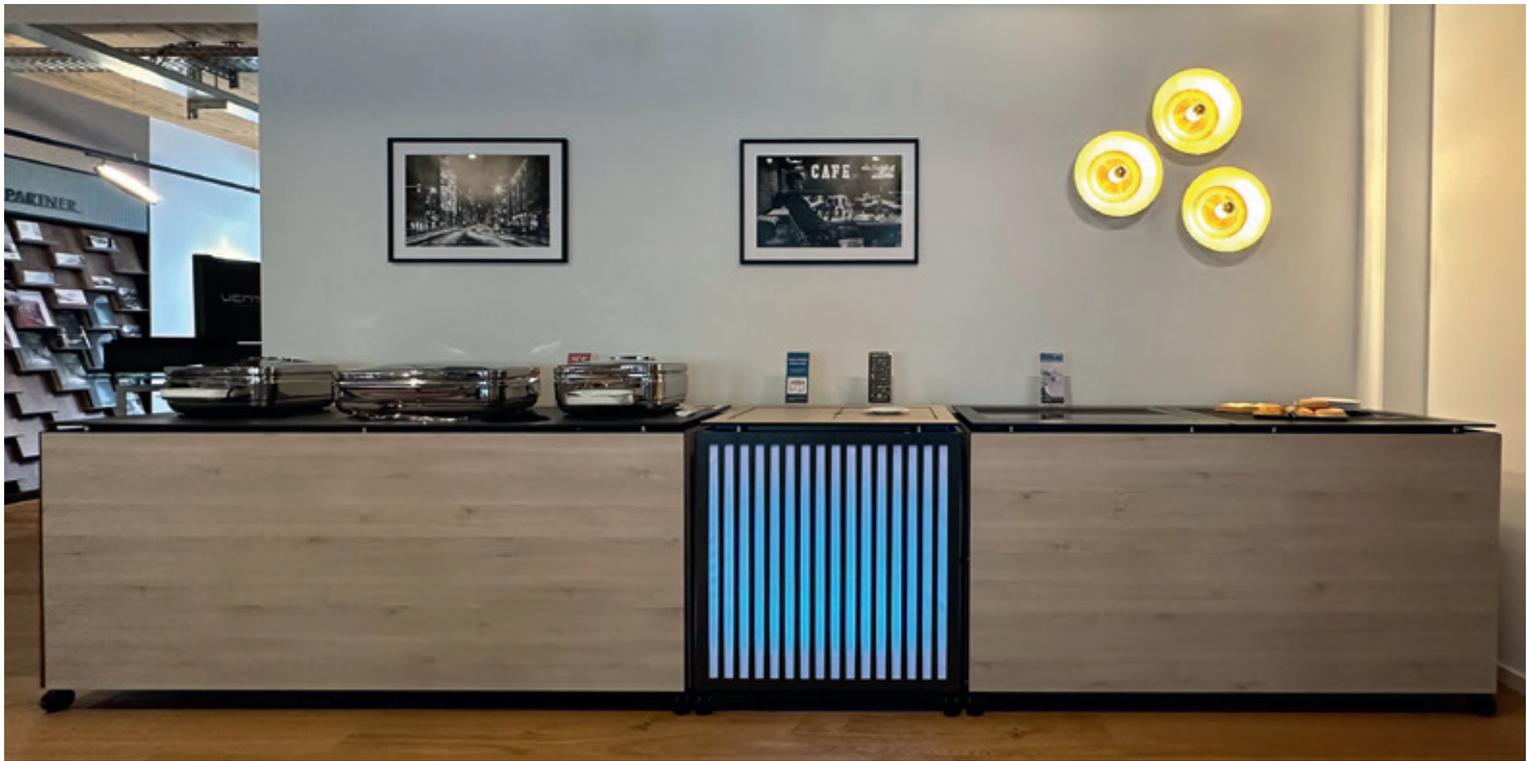

The **Hotelkompetenzzentrum** in Munich has also a selection of our tables.

Distribution partner who are selling our products worldwide:

Germany / Autenrieb
Switzerland / Cash Hôtel
United Kingdom / Signature FSE
Spain / Álvarez
Hungary / Kende Gastro
Czech Republic / Design Gastro

USA / BauscherHepp Inc.
United Arab Emirates / RestofairRAK
Singapore / Andy Mannhart Asia
Qatar / Royal Hospitality
Saudi Arabia / Port Stores
Australia / td innovations

GERMANY | Munich

New equipment installed in June 2023.

STAGE_80_L with 4 x invisible induction and additional tables with COOL+HOT table-top-units.

Hotelkompetenzzentrum GmbH, Sonnenstraße 19, 85764 Oberschleißheim, GERMANY

GERMANY | Düsseldorf

Full range of VENTA equipment on two floors in a wonderful showroom atmosphere. Take advantage of many years of experience of the Autenrieb sales team in consulting and sales.

Autenrieb Gastronomy Service International GmbH, Pappelweg 2, 40489 Düsseldorf, GERMANY

USA | Raleigh, Chicago, New York City

VENTA equipment on stock in Raleigh, North Carolina. BauscherHepp is our sales partner for the United States of America.

BauscherHepp Inc., 6612 Fleetwood Dr STE 104, Raleigh, NC 27612, Unites States

Textura

Excellence since 1986 - Exclusive Design since 2006

ZIEHER

The brand ZIEHER stands for innovative design in top class restaurants and the innovative gastronomy in over 90 countries.

Products made of different materials such as glass, stainless steel, solid wood, porcelain etc. and their combinations give birth to high-quality, modern tableware and buffet-systems.

This is why ZIEHER is internationally well known by its target audiences (executive floors, suites and lounges) as a modern company with the strength to create innovative products with appealing and emotional design - out of its own ideas.

Skyline

The system allows a maximum of flexibility for the most exclusive buffet presentations. The spectacular look, which is remotely reminiscent of the silhouette of skyscrapers, as well as the extensive functionality, leave nothing to be desired with this unique system.

All Zieher products from the range of buffet, wine & dine can be found at
WWW.ZIEHER.COM

STAGE_80_M/breakfast station
