

AIR-VENT solution for indoor cooking

Eliminate kitchen odors, bacterias, viruses, germs, spurs

color example

Item-No.: 66038

measures: [LxWxH]: 300 x 800 x 1270 mm
total weight: 60 kg

Base

steel, powder-coated, profile 40 x 40 mm
4 x castor, available diameter
50mm (item.no.: 66038)
65mm (item.no.: 66039)
75mm (item.no.: 66040)
(all castors with brake)

Top plate

dimensions: 290 x 790 x 10 mm
material/table-top: safety glass or compact panel,
10 mm
total weight: glass 12 or compact panel 7,5 kg

Top Shield

dimensions: 450 x 635 mm
material/table-top: safety glass, 6 mm
total weight: 4,5 kg

Side Shield

dimensions: 200 x 250 x 70 mm
material/table-top: acrylic glass, 6 mm
total weight: 0,5 kg

Housing

Stainless steel 1.4301 whole construction
Stainless steel 1.4416 on guest side and side left /
right (for covering with venta magnetic blinds)

Classification: DIN EN 1008-3

approved for the food industry

Technical data:

Filter: 2x professional combi filter type A (grease eddy current / mesh), plasma filter, carbon filter

Odor removal: cooking + kitchen smells, nicotine, aerosols

Filter properties: bacteria, virus, germs, spurs

Condensate tray: (2x) 250x35mm inox 1.4301

Connected value: 1/N/PE AC 230V 50Hz, 130W

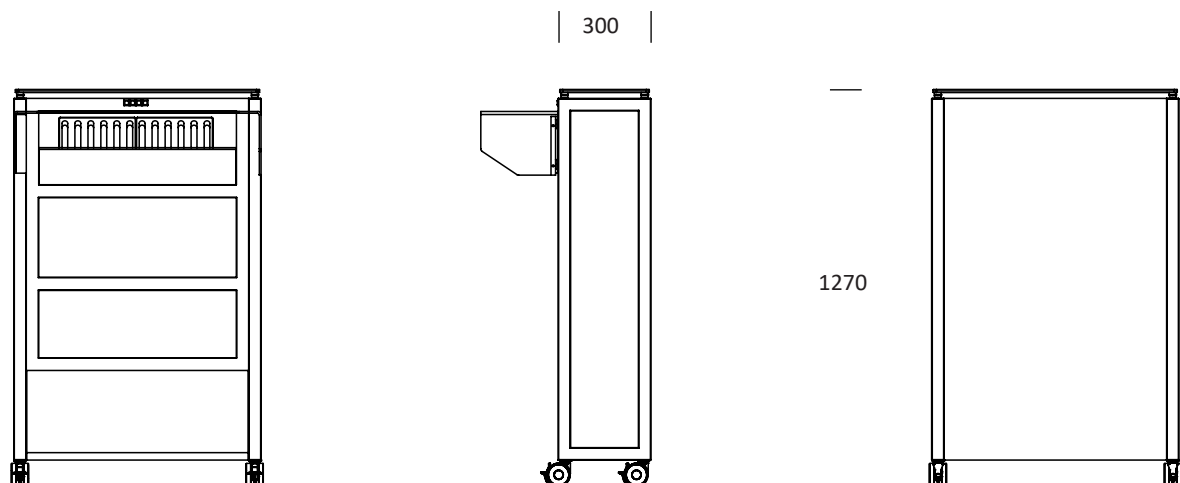

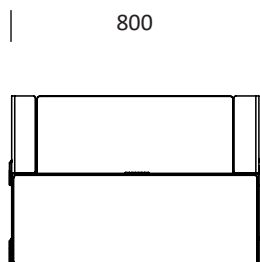

Operational loudness: max 54dBA

Power Level: 1/470m³h, 2/570m³h; 3/670m³h, **4/820m³h**, with trailing automatic 10/60 min.

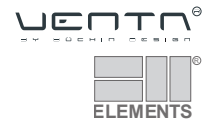

Cable: L= 1,5m, schuko type F on cold device socket type C19

LED light: 7,5W with 3800K neutral white

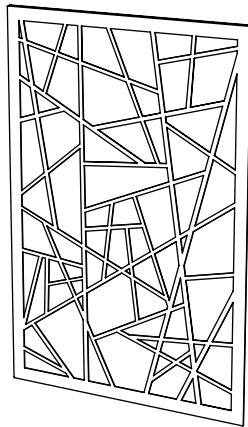

Warranty: 1 year
